

SAFETY DATA SHEET

Thuleka Luxury Hand Soap

Product Variants: Rose Petal | Vanilla

Silk | Aqua Breeze

Product Type: Liquid Hand Soap /

Personal Cleansing Product

Document Version: 1.0

Date of Issue: 7 September 2026

SECTION 1: IDENTIFICATION OF THE PRODUCT AND SUPPLIER

1.1 Product identifier

Product Name: Thuleka Luxury Hand Soap

Product Type: Liquid hand wash / cleansing soap

1.2 Recommended use

Thuleka Luxury Hand Soap is intended for:

- Daily handwashing
- Domestic use
- Offices and workplaces
- Hospitality venues
- Public restrooms
- Manual soap dispensers and refill bottles

1.3 Restrictions on use

- For external use only.
- Do not ingest.
- Avoid unnecessary contact with the eyes.

SAFETY DATA SHEET

SECTION 2: HAZARD IDENTIFICATION

2.1 Classification of the product

Based on the information currently available, the product is **not expected to be classified as hazardous under normal intended use.**

The final hazard classification should be confirmed using the complete formulation and applicable local regulations.

2.2 Label elements

Signal word: Not applicable based on currently available information.

Hazard statements: No significant hazards are expected during normal intended use.

Precautionary statements:

- For external use only.
- Avoid contact with eyes.
- Keep out of reach of children.
- Wash hands thoroughly after use.
- Store container closed when not in use.

2.3 Other hazards

Direct contact with the eyes may cause temporary irritation. Individuals with sensitive skin may experience irritation or an allergic reaction to fragrance or other ingredients.

SAFETY DATA SHEET

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

The product is a formulated liquid hand soap containing cleansing agents, moisturising ingredients and fragrance.

Typical ingredients may include:

- Water
- Cleansing/surfactant ingredients
- Glycerine
- Aloe extract
- Fragrance
- pH-adjusting agents
- Preservatives
- Colourants, where applicable
- Other formulation ingredients

Important: Exact chemical names, CAS numbers and concentrations should be obtained from the final product formulation and added to this section where required for regulatory compliance.

SAFETY DATA SHEET

SECTION 4: FIRST-AID MEASURES

4.1 Description of first-aid measures

Eye contact: Immediately rinse eyes thoroughly with clean water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical advice if irritation persists.

Skin contact: The product is designed for normal skin contact during handwashing. If irritation occurs, discontinue use and rinse the affected area with clean water.

Inhalation: Not expected to present a significant inhalation hazard during normal use. Move to fresh air if discomfort occurs.

Ingestion: Rinse mouth with water. Do not deliberately induce vomiting. Seek medical advice if a significant amount has been swallowed or if symptoms occur.

4.2 Most important symptoms and effects

Possible effects include:

- Temporary eye irritation
- Skin irritation in sensitive individuals
- Discomfort following accidental ingestion

4.3 Immediate medical attention

Obtain medical attention if irritation or other symptoms persist.

SAFETY DATA SHEET

SECTION 5: FIRE-FIGHTING MEASURES

5.1 Suitable extinguishing media

Use extinguishing media appropriate for the surrounding fire, such as:

- Water spray
- Foam
- Dry chemical
- Carbon dioxide

5.2 Specific hazards

The product is a water-based liquid and is not expected to be highly flammable under normal conditions.

When heated or involved in a fire, decomposition products may be produced.

5.3 Advice for firefighters

Firefighters should use appropriate protective equipment and respiratory protection where required by the surrounding fire conditions.

SAFETY DATA SHEET

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions

- Avoid unnecessary contact with eyes.
- Wear suitable protective equipment when dealing with large spills.
- Spilled product may make floors and surfaces slippery.

6.2 Environmental precautions

Prevent large quantities of product from entering waterways or drainage systems where practicable.

6.3 Methods for containment and cleaning

- Stop the leak if this can be done safely.
- Contain the spill.
- Absorb or collect the product using suitable absorbent material.
- Place collected material in an appropriate container.
- Wash the affected area thoroughly with water after collection.

SAFETY DATA SHEET

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for safe handling

- Use only as directed.
- Avoid contact with eyes.
- Do not ingest.
- Keep containers properly closed when not in use.
- Clean spills promptly to prevent slipping.

7.2 Conditions for safe storage

Store:

- In a cool, dry place
- Away from direct sunlight
- Away from extreme temperatures
- Protected from freezing
- In the original or suitable sealed container
- Out of reach of children

7.3 Incompatible materials

No specific incompatibilities have been identified from the information currently available. Avoid contamination with unsuitable chemicals.

SAFETY DATA SHEET

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Exposure limits

No occupational exposure limits have been established for the finished product based on the information provided.

8.2 Engineering controls

Normal ventilation is generally sufficient for intended use.

8.3 Personal protective equipment

Normal consumer use: No special personal protective equipment is normally required.

Handling large quantities: Suitable gloves and eye protection may be used where there is a risk of prolonged contact or splashing.

Eye protection: Recommended when handling bulk quantities or during spill clean-up.

SAFETY DATA SHEET

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Property	Specification
Appearance	Smooth, pearlescent or transparent liquid
Colour	Varies according to fragrance variant
Odour	Pleasant, long-lasting fragrance
pH (neat)	5.5 – 7.0
Viscosity at 25°C	1,000 – 2,000 cP
Density at 25°C	1.00 – 1.05 g/cm ³
Solubility	Completely soluble in water
Foam stability	High, creamy lather
Physical state	Liquid
Flammability	Not expected to be highly flammable under normal conditions
Flash point	Not determined
Boiling point	Not determined

SAFETY DATA SHEET

SECTION 10: STABILITY AND REACTIVITY

10.1 Reactivity

No hazardous reactivity is expected during normal storage and use.

10.2 Chemical stability

Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions

Hazardous reactions are not expected under normal conditions of use and storage.

10.4 Conditions to avoid

- Extreme temperatures
- Freezing
- Direct sunlight
- Contamination

10.5 Incompatible materials

No specific incompatible materials have been identified based on the information provided.

10.6 Hazardous decomposition products

No hazardous decomposition products are expected during normal use. Thermal decomposition may produce irritating or hazardous fumes depending on the formulation.

SAFETY DATA SHEET

SECTION 11: TOXICOLOGICAL INFORMATION

11.1 Likely routes of exposure

- Eye contact
- Skin contact
- Accidental ingestion

11.2 Effects

The product is intended for frequent skin use.

However:

- Eye contact may cause temporary irritation.
- Prolonged or repeated contact may cause irritation in sensitive individuals.
- Accidental ingestion may cause gastrointestinal discomfort.

11.3 Sensitisation

Fragrance ingredients or other components may cause sensitivity in susceptible individuals.

Note: A complete toxicological assessment requires information about the individual ingredients and their concentrations.

SAFETY DATA SHEET

SECTION 12: ECOLOGICAL INFORMATION

12.1 Ecotoxicity

Specific ecological toxicity data for the finished product has not been provided.

12.2 Persistence and degradability

Not determined for the finished product.

12.3 Bioaccumulative potential

Not determined.

12.4 Mobility in soil

The product is water-soluble and may move with water.

12.5 Other adverse effects

Avoid releasing large quantities into the environment.

SAFETY DATA SHEET

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of unused product and packaging in accordance with applicable local waste-management regulations.

Where possible:

- Empty containers should be rinsed and recycled where facilities permit.
- Do not dispose of large quantities into waterways.
- Do not reuse packaging for purposes other than its intended use unless properly cleaned and approved.

SAFETY DATA SHEET

SECTION 15: REGULATORY INFORMATION

This Safety Data Sheet should be reviewed against the applicable occupational health, consumer product, chemical classification, labelling and environmental regulations in the country where the product is manufactured, distributed or sold.

The final regulatory classification should be confirmed using:

- The complete product formulation
- Ingredient concentrations
- Current safety data for raw materials
- Applicable local legislation

Jukskeipark

SAFETY DATA SHEET

SECTION 16: OTHER INFORMATION

Intended use

Luxury liquid hand soap for cleansing hands.

Directions for use

Apply a small amount to wet hands. Rub hands together to create a rich lather for approximately 20 seconds. Rinse thoroughly with clean water and dry hands.

Storage

Store in a cool, dry place away from direct sunlight and extreme temperatures. Keep the container sealed when not in use and keep out of reach of children.

Important notice

This SDS has been prepared from the product information supplied. It is a draft SDS and should be reviewed and approved by a suitably qualified person before being used as the official regulatory SDS. Ingredient-specific hazard classifications, CAS numbers, concentrations, emergency contact details and applicable regulatory requirements should be verified against the final formulation.
